INTERNATION SEARCH REPORT

Internation vilication No

	SSIFICATION OF SUBJECT MATTER 7								
According to International Patent Classification (IPC) or to both national classification and IPC									
B. FIELDS		o manhala)							
Minimum documentation searched (classification system followed by classification symbols) IPC 7 C07D A61K A61P									
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched									
Electronic da	ata base consulted during the international search (name of data base	e and, where practical, search terms used)							
EPO-In	ternal, WPI Data, PAJ, CHEM ABS Data								
C. DOCUME	ENTS CONSIDERED TO BE RELEVANT								
Category °	Citation of document, with indication, where appropriate, of the rele	vant passages	Relevant to claim No.						
		 +							
A	WO 02 34754 A (JOHNSON CHRISTOPHE; RAMI HARSHAD KANTILAL (GB); VONG 2 May 2002 (2002-05-02) cited in the application claims		1–22						
A	EP 0 900 792 A (DUPHAR INT RES) 10 March 1999 (1999-03-10) claims	1-22							
P,A	WO 03 068772 A (GLAXO GROUP LTD; SIMON E (GB); HARRINGTON FRANK PES) 21 August 2003 (2003-08-21) claims	WARD TER (GB);	1-22						
Furti	ner documents are listed in the continuation of box C.	X Patent family members are listed in	n annex,						
° Special ca	tegories of cited documents :	Ti later decument autiliahed after the Inter-	mational filing data						
"A" document defining the general state of the art which is not considered to be of particular relevance "I" later document published after the international filling date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention									
"E" earlier document but published on or after the international filing date "X" document of particular relevance; the claimed invention cannot be considered to									
L document which may throw doubts on priority claim(s) or involve an inventive step when the document is taken alone which is cited to establish the publication date of another 'Y' document of particular relevance; the claimed invention									
"O" docume	n or other special reason (as specified) ent referring to an oral disclosure, use, exhibition or	cannot be considered to involve an inv document is combined with one or mo	re other such docu-						
P docume	means ant published prior to the international filing date but nan the priority date claimed	ments, such combination being obvious to a person skilled in the art. & document member of the same patent family							
Date of the	actual completion of the international search	Date of mailing of the international sear	ch report						
2	5 March 2004	05/04/2004							
Name and r	nailing address of the ISA	Authorized officer

This international Search Report has not been established in respect of certain dalms under Article 17(2)(a) for the following reasons: 1. X Claims Nos.: because they relate to subject matter not required to be searched by this Authority, namely: Although claims 17,18,21,22 are directed to a method of treatment of the human/animal body, the search has been carried out and based on the alleged effects of the compound/composition. 2. Claims Nos.: because they relate to parts of the International Application that do not comply with the prescribed requirements to such an extent that no meaningful international Search can be carried out, specifically: 3. Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a). Box II Observations where unity of invention is lacking (Continuation of item 2 of first sheet) This international Searching Authority found multiple inventions in this international application, as follows:
because they relate to subject matter not required to be searched by this Authority, namely: Although claims 17,18,21,22 are directed to a method of treatment of the human/animal body, the search has been carried out and based on the alleged effects of the compound/composition. Claims Nos.: because they relate to parts of the International Application that do not comply with the prescribed requirements to such an extent that no meaningful International Search can be carried out, specifically: 3. Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a). Box II Observations where unity of invention is lacking (Continuation of item 2 of first sheet) This International Searching Authority found multiple inventions in this International application, as follows:
of the human/animal body, the search has been carried out and based on the alleged effects of the compound/composition. 2. Claims Nos.: because they relate to parts of the International Application that do not comply with the prescribed requirements to such an extent that no meaningful International Search can be carried out, specifically: 3. Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a). Box II Observations where unity of invention is lacking (Continuation of item 2 of first sheet) This International Searching Authority found multiple Inventions in this International application, as follows:
because they relate to parts of the International Application that do not comply with the prescribed requirements to such an extent that no meaningful International Search can be carried out, specifically: 3. Ctalms Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a). Box II Observations where unity of invention is lacking (Continuation of item 2 of first sheet) This International Searching Authority found multiple inventions in this International application, as follows: As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
Box II Observations where unity of invention is lacking (Continuation of item 2 of first sheet) This International Searching Authority found multiple inventions in this International application, as follows: 1. As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
Box II Observations where unity of invention is lacking (Continuation of item 2 of first sheet) This International Searching Authority found multiple inventions in this International application, as follows: 1. As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
This International Searching Authority found multiple inventions in this international application, as follows: 1. As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
searchable claims.
searchable claims.
searchable claims.
searchable claims.
2. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.
3. As only some of the required additional search fees were timely paid by the applicant, this International Search Report covers only those claims for which fees were paid, specifically claims Nos.:
4. No required additional search fees were timely paid by the applicant. Consequently, this International Search Report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:
Remark on Protest The additional search fees were accompanied by the applicant's protest.
No protest accompanied the payment of additional search fees.
